	Examiner Mariano Sy	Art Unit 3683	

-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. The amendment filed on October 29, 2004 has been received.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 15-17 are rejected under 35 U.S.C. 103(a) as being unpatentable over Morelock (U.S. Patent Number 6,019,386) in view of Ponder (U.S. Patent Number 4,730,841).

Re-claims 15-17 Morelock disclosed, as shown in fig. 1-5, a trailer hitch cover assembly comprising: a main body 18 having a front face and an opening adapted to fit over a hitch tube and allow passage of a hitch into an open end of the hitch tube; a movable cover 20 connected to said main body to be moved between a first and a second position for closing and opening the open end of the hitch tube; and wherein said main body includes at least one first hinge knuckle 22.

However Morelock fails to disclose the first hinge knuckle that will allow the movable cover to be separated from and connected to the main body.

Ponder teaches, as shown in fig. 1, a hinge knuckle 26,28,30 that will allow a movable cover 14 to be separated from and connected to a main body 10 via hinge pin 30.

Art Unit: 3683

It would have been obvious to one of ordinary skill in the art to modify the hinge knuckle of Morelock to allow the movable cover to be separable from and connected to the main body via a hinge pin, as taught by Ponder, in order to ease replacement of parts.

4. Claims 1-14 and 18-20 are allowed.

5. Applicant's arguments with respect to claim 15 have been considered but are moot in view of the new ground(s) of rejection.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Art Unit: 3683
